About Us

BUILT ON QUALITY.
POWERED BY INSIGHT.

● What We do

We operate exclusively on a business-to-business basis, supporting both private and public sector organisations with specialist energy services — including energy procurement, energy management, and full portfolio digitisation through our market-leading energy management portal. Our solutions support both single-site and multi-site organisations.

● Our Purpose & Commitment

Our dedication to service excellence ensures your energy requirements are met with the most effective solutions available in the marketplace. Driven by a passion for energy management and portfolio cost optimisation, our mission is to empower clients with innovative, tailored strategies.

The E3 Energy team brings over 120 years of combined energy management and consultancy expertise, delivering clear, strategic, cost-effective advice and professional client support.

Energy Procurement

Assessing market conditions ahead of contract renewal anniversaries, conducting portfolio cost testing, and running tenders at the optimal time.

Solutions

- Fixed Procurement
- Flexible Procurement
- Pass – Through Procurement
- Power and Gas Purchase Agreements
- Export (SEG) Agreements
- Water Supply Agreements

Benefits

- Complete Budget Certainty
- Enabling Forward Purchasing
- Cost Optimisation for large consumers
- Purchasing energy from Renewable assets – long terms Agreements
- Earn from your solar excess generation
- Water Supply Management

Supporting both private and public sector clients, we secure full market exposure across 22+ energy suppliers to optimise costs, strengthen service provision, and ensure best value across your energy portfolio.

Management Services

Driving Portfolio Management forward with the power of accurate energy data and reporting tools through our specialist services and strategies

Our Services

- Contract Management
- Portfolio Management
- Query management
- Bill Validation Services
- Bespoke Energy Reporting
- Meter Operator Agreements
- Data Collection and Data Aggregation Agreements

Energy & Carbon Compliance

- Energy Savings Opportunity Scheme (ESOS)
- Streamlined Energy & Carbon Reporting (SECR)
- Climate Change Levy (CCL) Support
- ESG Reporting (Environmental, Social & Governance)
- Display Energy Certificates

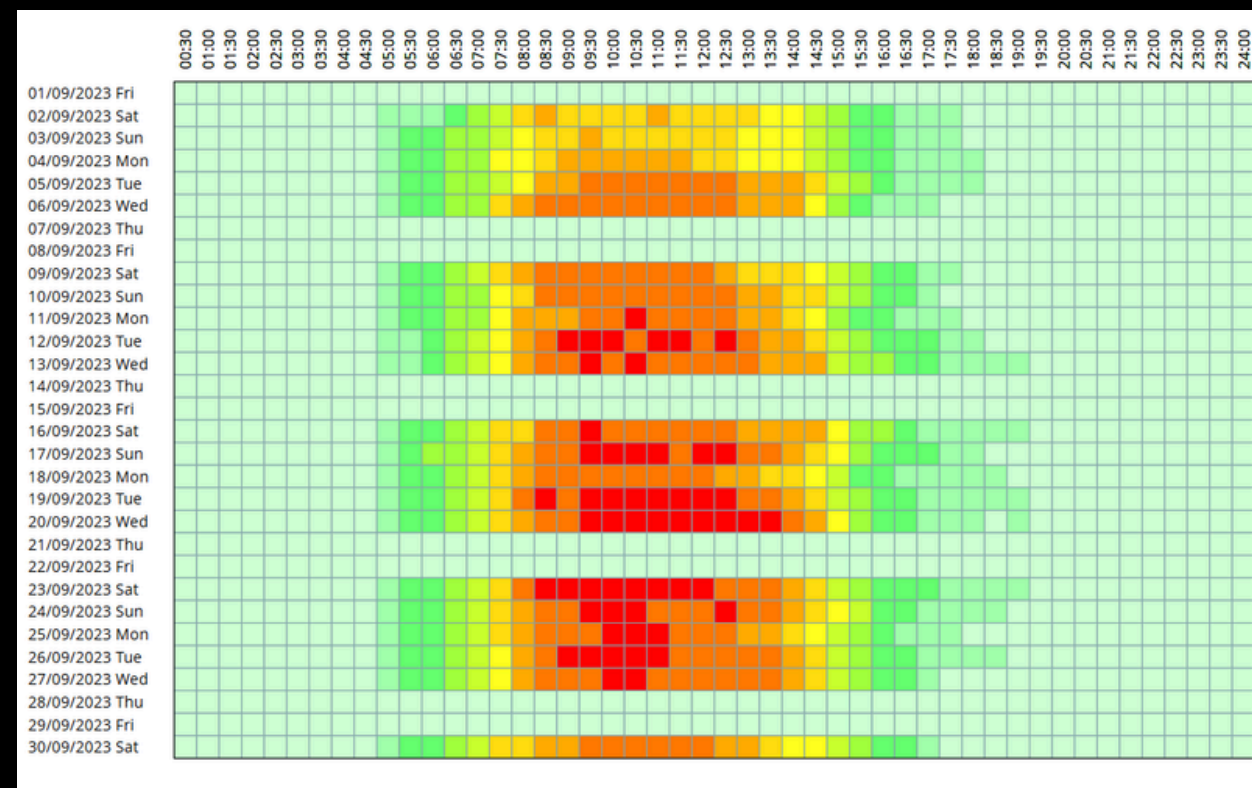

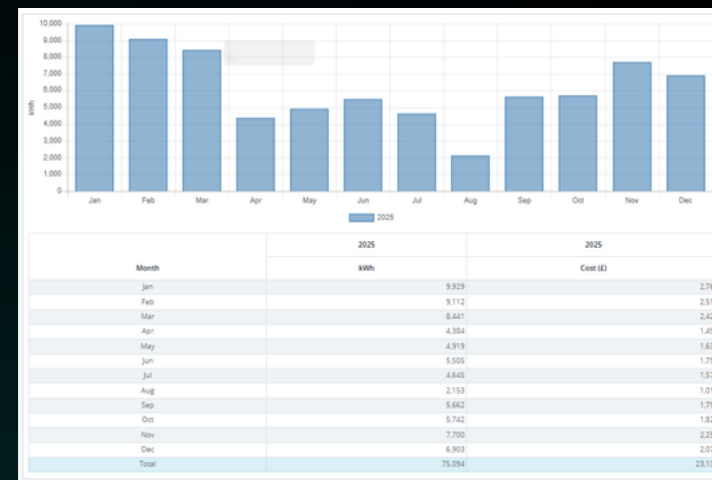

Portfolio Digitisation

The power of real-time energy data is invaluable; it accelerates progress towards net zero targets, eliminates waste, and optimises consumption strategies across all organisations.

Data Services

- Access to your half-hourly electricity and gas data, which is sent to the E3E EMS portal.
- Data Collection and Data Aggregation Agreement Utilisation
- Meter Operator Agreement Utilisation
- Half Hourly Data Energy Reporting Suite – kWh Heatmapping
- Available Capacity vs Maximum Demand Reporting
- Power Factor Analysis
- New Meter Installations, Meter Upgrades & Downgrades, and EV Charging Installations
- Sub Metering (Planning and Installs)

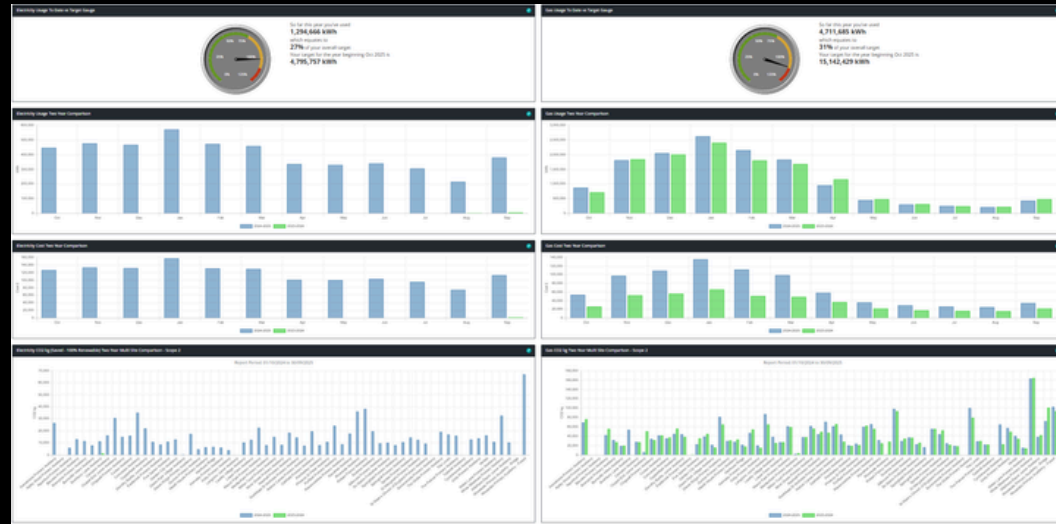

The E3 Energy login page features the company logo and tagline 'BUILT ON QUALITY. POWERED BY INSIGHT.' Below this is a welcome message: 'Welcome to the web reporting system. This system helps you to analyse your energy usage and help reduce costs. Please see your Energy Representative to obtain a log in.' The login form includes fields for 'Username' and 'Password', a 'Sign Me In' button, and a link for 'Reset password'.

E3E Client EMS Portal

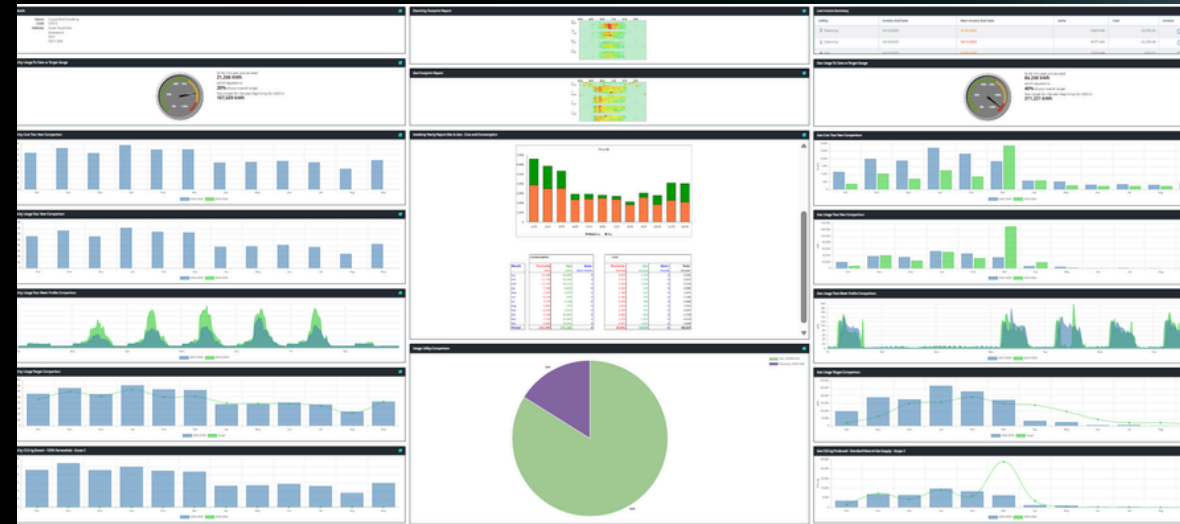

● Group Level

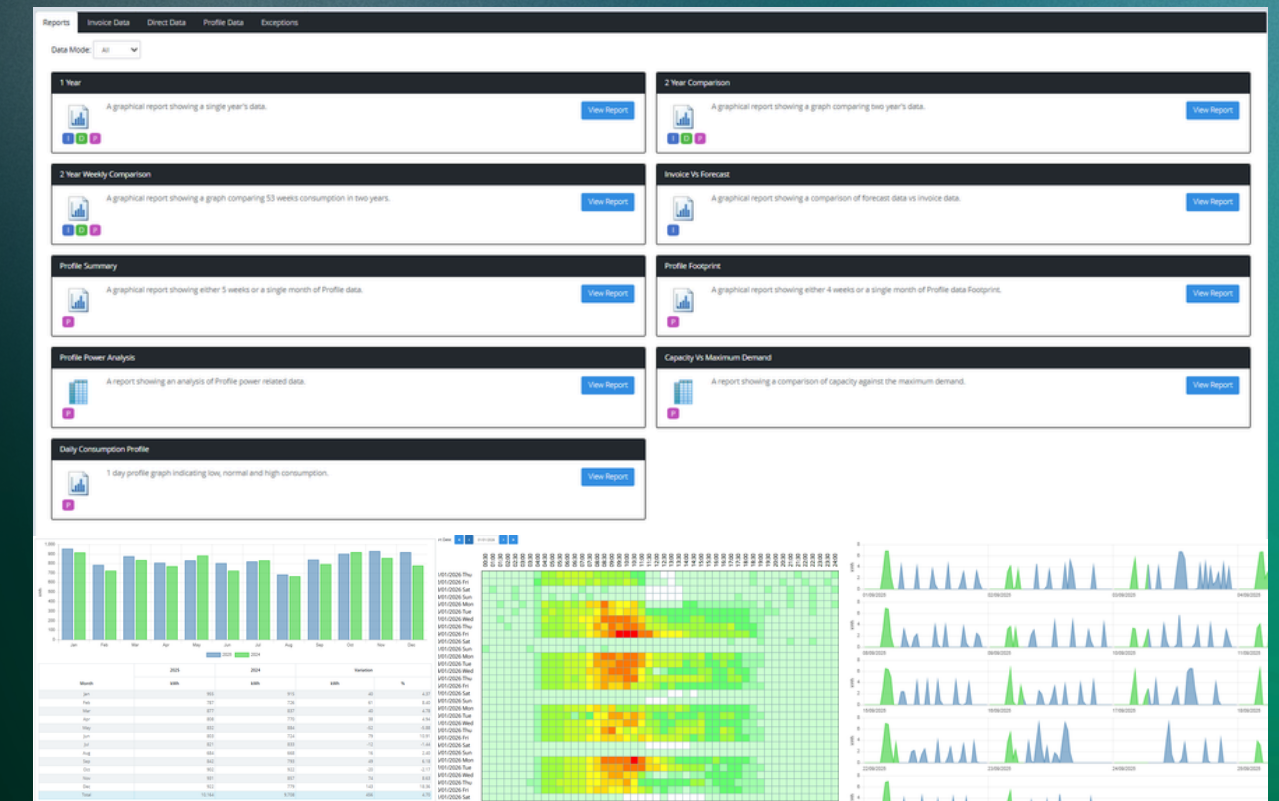

Group level – Get clear group-level insight across multiple UK sites — with cost and consumption charts, multi-site league tables, and aggregated reporting in one view.

● Site Level

Site level – Reporting gives you a detailed view of each site, with half-hourly data insights, kWh heatmaps, cost and consumption charts, CO₂ dashboards, quick annual reports, and target-versus-consumption tracking.

● Meter Level

Meter level – Reporting enables a detailed view of each meter point, providing the data required to optimise energy consumption at a granular level.

Your E3E Energy Management Portal drives meaningful change, giving you the data to improve efficiency, interactive dashboards for clear insight, and a full reporting suite — fully customised to your requirements.

TARGET ACHIEVED
